ATTACHMENT A

The Court finds that the change of plea / guilty plea hearing to be held on April 27, 2022 cannot be further delayed without serious harm to the interests of justice, for the following reasons:

1. To permit the defendant to obtain a speedy resolution of his case through an admission of guilt, and to afford appropriate punishment and rehabilitation. The defendant has asked for this case to be resolved on April 27, 2022 by guilty plea and for a subsequent timely sentencing.
2. To permit the Government to obtain a resolution of the case so that the Government, already operating in a restricted capacity due to the emergency, may appropriately focus its resources on other, emerging criminal matters. The Government has asked for this case to be resolved on April 27, 2022 by guilty plea and for a subsequent timely sentencing.
3. To ensure that the Court is not overwhelmed by cases and proceedings at the conclusion of this period of emergency. New criminal cases continue to be assigned by the Court during the emergency. If the Court cannot resolve matters by guilty plea and sentencing, the resulting backlog will overwhelm the Court's ability to effectively function. The concern of such congestion and the particular harm that likely will be caused by delays in the processing of cases and matters in the future is particularly acute in this emergency, at least given that it is unknown when this emergency will subside and when the Court will be able to function at normal capacity.
4. Additionally, such a speedy resolution will allow the parties to obtain a resolution to the case prior to the end of the time afforded the Government to prosecute such case under the Speedy Trial Act.
